

TECHNICAL DATA SHEET

Date issued: 24.06.2015

DYNAMAX M4T SUPER 10W-30

1. Product description:

DYNAMAX M4T SUPER 10W-30 is a high quality petroleum oil produced by modern technology containing highly enriching ingredients. Creates a durable lubricating film resistant to mechanical stress at high temperatures. It has very good resistance to oxidation, protects against corrosion, prevents the formation of deposits. It is fully miscible with other oils of the same quality and viscosity.

Use:

DYNAMAX M4T SUPER 10W-30 is designed for four-stroke engines of modern garden equipment (mowers, plows, snow blowers). It is also intended for petrol engines with or without a catalyst.

Specification:

SAE 10W/30
API SL/CF

2. Technical parameters:

Kinematic viscosity at 100°C, mm ² /s	typical value	11,2
Viscosity index	min.	140
Density at 15°C, kg/m ³	typical value	870
Pour point, °C	max.	- 30
Flash point (COC), °C	min.	215

Specification variations in these characteristics may occur. Further informations to be available by SDS.
