

## TECHNICAL DATA SHEET

Date issued: 05.09.2017

### DYNAMAX M7ADSIII

#### 1. Product description:

DYNAMAX M7ADSIII is multigrade engine oil designed for lubrication of four-stroke diesel engines. Excellent performance oil are based on the use of high quality mineral base oils and an optimum combination of viscosity, antioxidant, detergent and dispersing additives.

DYNAMAX M7ADSIII provides very good starting engines for freezing and also has a significant reserve viscosity for the summer period.

#### Use:

DYNAMAX M7ADSIII is mainly used in road freight transport in urban and long-distance bus transport, shipping and rail transport.

#### Specification:

**SAE 20W/40**

**API SG/CF4**

#### 2. Technical parameters:

Kinematic viscosity at 100°C, mm <sup>2</sup> /s	typical value	11,5
Kinematic viscosity at 40°C, mm <sup>2</sup> /s	typical value	131
Viscosity index	min.	130
Density at 15°C, kg/m <sup>3</sup>	typical value	900
Pour point, °C	max.	- 30
Flash point (COC), °C	min.	230
Total base number (TBN), mg KOH/g	min.	9,0

Specification variations in these characteristics may occur. Further informations to be available by SDS.
