

TECHNICAL DATA SHEET

Date issued: 26.03.2018

DYNAMAX MOTOR CLEANER

1. Description

This technical sheet is valid for production, testing and delivery of multipurpose cleaning agent DYNAMAX MOTOR CLEANER.

It is designed to remove greasy dirt.

Characteristics:

DYNAMAX MOTOR CLEANER is a multipurpose cleaning agent used to remove greasy dirt from engine surface, cars chassis, tools, floors and other heavily soiled parts and surfaces. It is also suitable to refill multipurpose degreasing devices.

Physical state:

DYNAMAX MOTOR CLEANER is a clear colourless fluid.

Application:

Use the cleaner undiluted! Shake well before use. Spray or spread the cleaner with a brush over dirty surfaces. To degrease smaller parts, they can be immersed directly into detergent. Leave for 5-10 minutes and rinse thoroughly with water. Do not apply on incandescent objects, electric car parts or other electric devices.

2. Technical parameters

DYNAMAX MOTOR CLEANER must comply with the following specifications:

| | |
|----------------------------|-----------------|
| Physical state | fluid |
| Colour | clear |
| Odour | diesel |
| Density | 0,770 +/- 0,010 |
| Solubility in water | soluble |
